"When Corporate Travel Management has needed to organise the numerous functions and client days that appear on our work schedule I have relied upon bj's foods to cater for them in an efficient, timely and cost wise manner. Our functions range from client entertainment evenings and seminars through to the catering of 80 staff we have in our Brisbane Office. Each and every time bj's foods and their staff have been able to provide the right food and staffing mix as well as fantastic service for our guests and clients. I would happily recommend their company to any of our corporate clientele for any of their catering needs big or small".

Thankyou, thankyou for everything on Wednesday - the food was excellent and your staff delightful. We would usually get at least one whinger in the crowd but not on Wednesday. Thankyou also for your professionalism, it has been an absolute delight working with you and your team and we will work together in the future, that I'm sure.

I just wanted to say a big thank you to you and your team for making a miserable outlook so enjoyable yesterday. I know it wasn't too much fun setting up and working in the rain but everyone certainly appreciated it, and I have had nothing but positive comments about the food.

Testimonials – Private Clients:

“Thank you very much for providing the catering for us on Sunday. I don’t know how to express just how happy we were the food and service you and your staff provided us. I firstly thank you personally for taking the time to come and meet us and confirm our requirements for the function; it gave me confidence in feeling that I had chosen the right caterers for the function. The staff provided exceptional service and the standard of food both in taste and presentation was beyond my expectations. Our visitors were blown away by the high standard of food and couldn’t believe and endless amount that keep appearing for them to enjoy.

Thank you for doing such a wonderful job for our mothers surprise party this year. Your staff members were fantastic and the food delicious (and I have received many compliments on the food!). Thank you also for leaving the house so clean. The cleanup the next day was made much easier!

I recently had a party to celebrate a significant birthday milestone. I had spoken to friends about a recommendation for a caterer who would look after everything for the evening including wait staff, with very little involvement by me. I was recommended to bj’s foods who immediately set to work providing me various catering options and visiting us at my home to ensure that the venue was suitable for my needs.

From the outset I found bj’s foods to be thoroughly diligent and professional and kept me informed of their plans without any prompting from me. Everything he promised he delivered and despite the weather, which he could not control unfortunately, the night was a true success and the service met all my expectations

Since BJ Plummer of bj’s foods has started his own business in catering and function co-ordination our life of entertaining has changed. Finally a man who makes us feel like a guest in our own home - absolutely stress free functions with friendly staff and exceptional food who can cater to any budget or number of guests. Many of our guests have gone on to use the services of his company.

I just wanted to say a huge thank you for the delicious food that you prepared for my Christmas order. The whole order was delicious, the salads were great (and plentiful!), the meats were simply superb – the absolutely favourite was that amazing stuffing for the chicken! Thank you so much, Christmas was more enjoyable with your delicious food. We will definitely be using you in the future.
